

HONEYDEW SECTOR 2 Community Policing Forum

GENERAL

Message from Chairman – John Baisley

Dear Sector Two resident,

It is hard to believe that another year has passed. Looking back the sector has had a trying time, crime levels remain high but have stabilised. Of course, our plans for next year are to bring our problems down even further and only by working together we can make our sector a safer place for all that live in the area. The partnership of the police, security companies and residents is an important one.

At the time of writing, hijackings, burglaries and the theft of cars were the biggest concerns in the sector. These crimes will receive a greater focus in the New Year.

As mentioned, the past year has been a challenging one but there have been many successes and positive items to take away. One of the things we as the sector two committee along with the various chairpersons tried to do was bring you more information and communicate with you. We have seen various Facebook pages pop up, various websites have brought you news and the Whatsapp groups, and there are many, have made a huge difference in our neighborhoods.

This is a much shortened newsletter being the last for the year. So in closing, I want to thank the police for the support and efforts over the past year. Your job remains a tough one. To the security companies represented in the sector, thank you for your support, especially when we have called on you to assist in operations. To all the sector chairmen and chairladies, thank you for all your hard work in your associations. You make the committees' job much easier. Thank you for the sacrifice you make in giving so much to fight crime. Lastly to all the residents in the sector, thank you for your support, especially to your association. Have a safe and peaceful festive season.

Yours in community

**Stay safe,
John Baisley**
